Subject: Merville District Maintenance Vacancy

With the promotion of John Forch from District 2-Merville equipment operator to District 2 Foreman, a vacancy is created in the secondary road department. Additionally, the Merville district has been at a temporary staffing level of one FTE below the FY 2009 level since 2010. This lower staffing level has reduced the district by one motor grader operator. The Concord Township maintainer district has the most heavily used gravel roads within this territory and the roads have declined in the period when the Concord Township operator had to cover parts of a second maintenance territory due to the reduction of the one FTE.

RECOMMENDATION: It is my recommendation that we fill the vacant position created by the promotion of John Forch at Merville. I also recommend that we fill the vacant FTE to allow more attention for heavily traveled gravel roads in Concord, Banner and Floyd townships. I would like to advertise to fill these vacancies as soon as possible. It is my hope that by posting the jobs internally as soon as possible and advertising to the public as soon as possible so that we will be able to fill the positions at Merville quickly.

Thank you for your consideration.

Subject: Assistant to the County Engineer compensation adjustments

In 2012, we made a base wage adjustment for Ben Kusler to raise him from below the probationary wage for his job classification to the 3 year, Assistant to the Engineer/Project Engineer wage. I am writing this memo to request that he be brought to the full, six year, Assistant to the County Engineer/Project wage level.

Since Roger Milligan's retirement in 2011, Ben has taken over many of the management responsibilities formerly performed by Mr. Milligan. Ben now functions as a full second in command for this department and readily takes charge of both engineering and maintenance work in my absence. Ben has been an employee of the road department since June, 1996 and based on years of service alone, should be at the six year level of pay for his position.

With the CF Industries project, last year's storm damage, and the additional bridge projects funded by the special levy, our department has seen its project work balloon and Ben has been instrumental in moving project work forward to completion. His efforts have included overtime work on Saturdays and Sundays to assure work gets done on time to get project plans ready for letting or by inspecting weekend construction activities on projects already under contract. Ben shows high motivation to getting the job done right and merits full pay for his position based on his performance and years of service.

RECOMMENDATION: I recommend that Ben Kusler's salary be raised to the six year level effective July 1, 2015 and that the 3.25% pay increase approved for wage plan staff this year be applied to the higher wage rate.

Please contact me if you wish to discuss this recommendation. Thank you for your consideration.

WORDING FOR AGENDA ITEM: Discussion and Action on the Agreement Between Woodbury County and the City of Sergeant Bluff involving the Dogwood Trail Project.

EXECUTIVE SUMMARY: This agreement will bring the County and City of Sergeant Bluff together on the financing of The Dogwood Trail Project. This agreement will be the pilot project for the future economic growth of all Woodbury County.

BACKGROUND: The Project involves two Segments. The first "Segment 1" is cost sharing of the construction of Dogwood Trail road. The agreement breaks down the cost sharing and follows the County's Tax Increment Policy. The Project also includes a County Secondary Roads funded 850 feet of PCC overlay between the west end of Dogwood Trail and the east end of the I-29 bridge approach, to be known as "Segment 2".

FINANCIAL IMPACT: The County share for "Segment 1" will be a Capitalized TIF Bond in the amount of \$801,677 to be repaid over a period of years by Sergeant Bluff plus capitalized interest which will be 100% paid by Sergeant Bluff. "Segment 2" will be paid entirely by Woodbury County in the amount of \$120,000 which will be paid by Secondary Roads.

RECOMMENDATION: It is recommended to approve this agreement.

ACTION REQUIRED / PROPOSED MOTION: Motion by _____, second by _____ to approve the agreement between Woodbury County and the City of Sergeant Bluff, Iowa for the Dogwood Trail Project (Segment1) and the Woodbury County Project (Segment 2).

Approved by Board of Supervisors March 3, 2015.

AGREEMENT BETWEEN WOODBURY COUNTY AND THE CITY OF
SERGEANT BLUFF, IOWA

This Agreement is entered into on this _____ day of _____, 2015 by and between Woodbury County, Iowa, hereafter referred to as "County", and the City of Sergeant Bluff, Iowa, hereafter referred to as "City", pursuant to Section 331.429(2) of the Code of Iowa.

The parties to this Agreement hereby agree as follows:

1. The City has received bids and awarded a contract to DA Davis Co., Inc. for a project designated as Dogwood Trail, hereafter referred to as the "Project". The Project involves the construction of a new 24 feet wide PCC pavement section, approximately 3,600 feet long, known as "Segment 1". Segment 1 will connect the intersection of South Lewis Boulevard/K45 and 220 Street west to Port Neal Road at a point 850 feet easterly of I-29. Segment 1 is being partially funded with an Iowa DOT RISE grant. The Project also includes a County Secondary Roads funded 850 feet of PCC overlay between the west end of Dogwood Trail and the east end of the I-29 bridge approach, known as "Segment 2". The Project has been assigned the new Farm to Market connection through Sergeant Bluff and will replace the former route along Port Neal Road.
2. The City will be the administrating and contracting authority for this Project. All rights of the County under the construction contract within the corporate limits of the City shall inure to the benefit of the County as if it was also the contracting authority, except for any penalty that may be assessed the Contractor due to late performance of the contract work.
3. The City's Consultant Engineer, VEENSTRA & KIMM, INC., shall be responsible for all office and field engineering services in connection with Project. The Project shall be constructed in accordance with the standards of the Iowa Department of Transportation and Iowa SUDAS. The City's Consultant Engineer shall inspect for compliance of said standards and requirements. The County shall enter into a separate agreement with the City's Consultant Engineer for design services of Segment 2.
4. Each party is responsible for liability occurring as a result of its own acts or omissions in performing its obligations under this agreement. The City shall protect, indemnify, defend, and hold harmless the County for acts or omissions of the City, its officers, employees, and agents with respect to the obligations of the City under this agreement. The County shall protect, indemnify, defend, and hold harmless the City for acts or omissions of the County, its officers, employees, and agents with respect to the obligations of the County under this agreement.
5. The City shall be responsible for procuring all permits and approvals that are necessary to construct this project.
6. The City shall be responsible for signing within the limits of this Project and shall properly place all necessary advance warning signs.

7. At the time that construction of the Project is completed and upon written notice of completion by the City, the County shall conduct its own inspection and report any perceived problems to the Sergeant Bluff City Administrator within ten (10) days of receiving notice.
8. Upon final acceptance of the Project, continuing maintenance on the road within the corporate limits will be in compliance with the Chapter 28E agreement, dated July 6, 2004 and signed by the City and County.
9. The County agrees to make financial contribution to Segment 1, based on the proposed cost share percentages listed in the table below, up to a maximum cost of \$801,677.

Item	Project	County Share %	County Share	City Share
Planning	\$18,800	0	\$0	\$18,800
Street Work	\$2,128,168	25	\$532,042	\$1,596,126
Water & Sewer	\$625,000	25	\$156,250	\$468,750
Land Purchase	\$226,770	50	\$113,385	\$113,385
PROJECT TOTAL	\$2,998,738		\$801,677	\$2,197,061

10. The County agrees to reimburse the City for 100% of the costs for Segment 2. Payment shall be issued concurrently with pay estimates received by the City.
11. The County agrees to undertake the procedures that are required by the urban renewal law of the State of Iowa (Chapter 403 of the Code of Iowa) to add the land on which the Project will be located, as well as property that abuts that land (all of which to be known as the "Project Property"), to the legal description of the property that is included within the County's Liberty Park Urban Renewal Area. The City agrees to provide a legal description of the Project Property.
12. The City agrees to undertake the procedures that are required by the annexation laws of the State of Iowa (Chapter 368 of the Code of Iowa) to annex all of the Project Property and to undertake the procedures that are required by the urban renewal law of the State of Iowa to add the Project Property to the legal description of the property that is included within the City's Sergeant Bluff Consolidated Urban Renewal Area.
13. The County and the City agree that, in addition to amending the County and City urban renewal areas to add the Project Property, the Project Property shall be added to the tax increment ordinance that exists for the Liberty Park Urban Renewal Area and to the tax increment ordinance that exists for the Sergeant Bluff Consolidated Urban Renewal Area.

14. In order to finance the payments that are required to be made by the County under this Agreement, the County intends to issue a tax increment revenue bond (the "TIF Bond") that will be payable from incremental property tax revenues generated within the Liberty Park Urban Renewal Area, as well as from incremental property tax revenues generated from the Project Property. The TIF Bond will be issued on such terms as may be determined by the County, but the County and City acknowledge that, if there are not sufficient incremental property tax revenues available from the Project Property, payments on the TIF Bond will be made from incremental property tax revenues produced from other properties located in the Liberty Park Urban Renewal Area.
15. The County and the City agree that incremental property tax revenues that are generated from the Project Property should be shared equally between the County and the City, until such time as the County has received reimbursement for the total amount of principal and interest payments made by the County on the TIF Bond. However, the County and the City also agree that 100% of such incremental property tax revenues from the Project Property should be made available solely to the County until the County has been fully reimbursed for that portion of the TIF Bond that is attributable to capitalized interest that will be paid on the TIF Bond. The City agrees that it will not certify to the Woodbury County Auditor any amount of debt that may be eligible to be paid from incremental property tax revenues generated from the Project Property until the City has received notification from the County that the County has received full reimbursement for such capitalized interest amount. Thereafter, the County may certify the remaining amount of principal and interest due on the TIF Bond as debt that is eligible to be paid from incremental property tax revenues from the Project Property equal to 50% of the total amount of such TIF revenues that are projected to become available in a given fiscal year, until such time as the County has received reimbursement for the total amount of principal and interest payments made by the County on the TIF Bond, and the City may certify debt incurred within the City's Consolidated Urban Renewal Area that is eligible to be paid from incremental property tax revenues from the Project Property equal to 50% of the total amount of such TIF revenues that are projected to become available in a given year.
16. The terms of this agreement shall be in perpetuity or until such time as the obligations contained in this Agreement are fully complied with.
17. The City does not waive any right or remedy which may be available to recover money due under this agreement. Upon material breach of the terms of this Agreement by the County and after giving the County reasonable notice and opportunity to cure the breach, the City may initiate any action or procedure to protect its interests.
18. The Agreement may be amended from time to time by written agreement of both parties.

ENGAGEMENT AGREEMENT

The purpose of this Engagement Agreement ("Agreement") is to disclose and memorialize the terms and conditions under which services will be rendered by Ahlers and Cooney, P.C., in its capacity as Bond Counsel, to Woodbury County, Iowa (the "Issuer") in connection with the issuance of General Obligation Capital Loan Notes, Series 2015 ("Bonds").

SCOPE OF ENGAGEMENT

In the role of Bond Counsel, we will provide the following services:

1. Prepare and review documents related to the authorization, issuance and delivery of the Bonds (the "Proceedings").
2. After proper approval and execution of the Proceedings, render our legal opinion (the "Bond Opinion") regarding the validity and enforceability of the Bonds, the source of payment with regard to the legality of the security pledged, and the excludability of interest on the Bonds from gross income for federal tax purposes, as applicable.
3. Review those sections of any offering or disclosure documents (the "Offering Documents") to be disseminated in connection with the sale of the Bonds related solely to the description of the Bonds, the legal basis for the security pledged, the tax-exempt status of the Bonds, and excerpts, summaries or copies of the Bond Opinion; and in the event Issuer retains separate Disclosure Counsel we will coordinate with said Disclosure Counsel in regards to the above-identified information we are reviewing in the Offering Documents.
4. Upon request, assist the Issuer in presenting information to bond rating organizations and providers of credit enhancement relating to the issuance of Bonds.
5. Prepare procedure to advertise and direct the sale of Bonds when we are advised that a particular issue of Bonds will be sold at public sale, and prepare procedure accepting a proposal to purchase the Bonds when we are advised that the sale of a particular issue of Bond will accomplished by negotiated sale.
6. Draft the Continuing Disclosure Certificate of the Issuer, if applicable.
7. Prepare an IRS Form 8038-G or 8038-GC, when applicable.

As Bond Counsel, our examination will extend to the actions and approvals necessary to authorize the issuance and initial delivery of the Bonds to the purchaser thereof. Our Bond Opinion does not extend to any re-offering of the Bonds by the original purchaser thereof or other persons, and will be delivered by us on the date the Bonds are exchanged for their purchase price (the "Closing").

The Bond Opinion will be based on facts and law existing as of its date. In rendering our Bond Opinion, we will rely upon the certified proceedings and other certifications of public officials and other persons furnished to us without undertaking to verify the same by independent investigation, and we will assume continuing compliance by the Issuer with applicable laws relating to the Bonds. During the course of this engagement, we will rely on the Issuer, and authorized officials, to provide us with complete and timely information on all developments pertaining to any aspect of the Bonds and their security.

Our duties in this engagement are limited to those expressly set forth above. This Engagement Agreement does not include the following services, or any other matter not required to render our Bond Opinion:

- a. Except as described in paragraph (3) above, assisting in the preparation or review of the Offering Documents with respect to the Bonds, or performing an independent investigation to determine the accuracy, completeness or sufficiency of any such document or rendering advice that the Offering Documents do not contain any untrue statement of material fact or omit to state a material fact necessary to make the statements contained therein, in light of the circumstances under which they were made, not misleading. This engagement does not include the services of Disclosure Counsel.
- b. Preparing requests for tax rulings from the Internal Revenue Service, or “no action” letters from the Securities and Exchange Commission.
- c. Drafting state constitutional or legislative amendments.
- d. Pursuing test cases or other litigation, such as contested validation proceedings.
- e. Except as described in paragraph (6) above, assisting in the preparation of, or opinion on, a continuing disclosure undertaking pertaining to the Bonds, or after Closing, providing advice concerning any actions necessary to assure compliance with any continuing disclosure undertaking, including monitoring Issuer’s continued compliance with the undertaking.
- f. Representing the Issuer in Internal Revenue Service examinations or inquiries, or Securities and Exchange Commission investigations.
- g. After Closing a particular issue of Bonds, providing continuing advice to the Issuer or any other party concerning actions necessary to assure that interest paid on that issue of Bonds will continue to be excludable from gross income for federal income tax purposes (e.g. this Bond Counsel engagement for the Bonds does not include rebate calculations, nor continuing post-issuance compliance activities).

We will provide one or more of the services listed in (a)–(g) upon your request, however, a separate, written Engagement Agreement will be required before we assume one or more of the above duties.

Services listed in subparts (h)–(k), below, are not included in this Engagement Agreement, nor will they be provided at any time.

- h. Acting as an underwriter, or otherwise marketing the Bonds.
- i. Acting in a financial advisory role.
- j. Preparing blue sky or investment surveys with respect to the Bonds.
- k. Making an investigation or expressing any view as to the creditworthiness of the Issuer or of the Bonds.

ATTORNEY-CLIENT RELATIONSHIP

Upon our receipt of notification that Bond Counsel services are requested under this Engagement Agreement, the Issuer will be our client and an attorney-client relationship will exist between us as outlined above. We assume that all other parties to each such transaction will retain such counsel as they deem necessary and appropriate to represent their interests. We further assume that all parties understand that in each such transaction we represent only the Issuer, we are not counsel to any other party, and we are not acting as an intermediary among the parties. Our services as Bond Counsel are limited to those contracted for in this letter; the Issuer's execution of this engagement agreement will constitute an acknowledgement of those limitations. Our representation of the Issuer will not affect, however, our responsibility to render an objective Bond Opinion.

Each representation of the Issuer and the attorney-client relationship for the Bonds created by this Engagement Agreement will be concluded upon issuance of that respective issue of Bonds. Nevertheless, subsequent to Closing, we will mail the appropriate Internal Revenue Service Form 8038, and prepare and distribute to the participants in the transaction a transcript of the proceedings pertaining to the Bonds.

FEES

We will charge a flat fee of \$5,000 for services rendered under this Agreement. It is not anticipated that it will be necessary for us to personally attend meetings in order to provide the Bond Counsel services outlined above, but we will do so in the event that circumstances require. If, at any time, we believe that an adjustment of our flat fee is necessary during an engagement as Bond Counsel for a particular issuance of Bonds, we will advise you. Such adjustment might be necessary in the event: (a) the principal amount of Bonds to be issued differs significantly from the amount stated at the time we advise you of our fee; (b) there are material changes in the structure, security or opinion from the description of the Bonds after we advise you of our fee; or (c) unusual or unforeseen circumstances arise which require a significant increase in the services rendered, such as personal attendance at meetings, significant travel, or unexpected revision of the issuance documents at the request of the Issuer, any agent acting on your behalf (such as a financial advisor), the purchaser, a bond insurer, other counsel providing services with respect to issuance of a particular issuance of Bonds.

In addition to the flat fee, we will bill you for all expenses incurred on your behalf, such as travel cost reimbursement, photocopying, deliveries, long distance telephone charges, telecopier charges, filing fees, computer-assisted research, bond printing, and other related expenses. Generally these expenses will not exceed \$400. We will contact you prior to incurring expenses that exceed that amount.

Our statement for services and expenses will be sent after each particular issue of Bonds have been closed and is due and payable within thirty (30) days of receipt.

If, for any reason, you terminate the engagement on a particular issue of Bonds covered by this Agreement before closing a particular issue of Bonds are not issued for any reason, or the Bonds are issued without the delivery of our Bond Opinion, we will bill you for the services rendered on your behalf up to that point. These services will be billed at the normal hourly rates for those attorneys and legal assistants who have performed such services. We will also then bill you for all expenses we have incurred as outlined above. My current hourly rate is \$300. Work performed by associates will be billed at \$200 per hour. Services performed on your behalf by legal assistants will be billed at \$100 per hour.

RECORDS

At your request, papers and property furnished by you will be returned promptly upon receipt of payment for outstanding fees and client charges. Our own files, including lawyer work product, pertaining to the transaction will be retained by us. For various reasons, including the minimization of unnecessary storage expenses, we reserve the right to dispose of any documents or other material retained by us after the termination of this engagement.

If you have questions regarding any aspect of the above or our representation as Bond Counsel, please do not hesitate to write or call.

It has been a pleasure to serve you in the past, and we look forward to our continued relationship.

Very truly yours,

WOODBURY COUNTY BOARD OF SUPERVISORS AGENDA ITEM(S) REQUEST FORM

Date: May 7, 2015

Elected Official / CITIZEN: SHERIFF DAVE DREW

SUBJECT: Woodbury County Sheriff's Reserve Staffing level change

ACTION REQUIRED:

WORDING FOR AGENDA ITEM: Approval to increase number of Woodbury County Sheriff Reserve Deputies

EXECUTIVE SUMMARY: Woodbury County Sheriff's Reserve cannot keep up with the request for services Reserves provide because of the cap. We have approximately 9 candidates that qualify to begin Reserve Training.

BACKGROUND: Woodbury County Sheriff's Reserves is capped at 25 total Reserve Deputies. Since the program was started, Reserve Deputies put in 2400 hours in 2014 and 623 hours so far in 2015. Reserves Deputies perform various support functions for the Sheriff's Office. They have worked in support of the Sheriff's Office during Tornados, a Homicide, Stand by in serious weather conditions, traffic control at major accidents, Halloween, Fourth of July and our Weekender Program. Reserves have also worked community events, SITP, Proms, Leed's Days, Siouxland Heart walk, County Fair, Easter Egg Hunts to name just a very few of the many.

FINANCIAL IMPACT: The financial impact has been a plus for the Sheriff's Office and the citizen of Woodbury County. 2400 hours equates to approximately \$93,600.00 in cost savings. The Sheriff's Office without the Reserves would either have to pay overtime or forgo being able to support these events or roles.

RECOMMENDATION: Woodbury County Sheriff Dave Drew recommends that the number of Reserves be based on qualifications, meeting training standards and ability to serve rather than a limited number. If a number has to be used, for a county our size and the support roles that Reserves have filled, Sheriff Dave Drew asks that the cap be

closer to 50 Reserve Deputies. Reserve Deputies are made up of citizen, who have their normal career field and serve when they can. Because of this, at times it is difficult to fill the requests. The more qualified Reserves the Sheriff's Office has the more support that can be given.

The Woodbury County Sheriff's Office will be starting a new Reserve Training Class very soon. Trainers cost money and the more people we can attempt to qualify as a Reserve Deputy the less cost we will have in the future.

ACTION REQUIRED: Approval of Qualified Reserves without a cap or raise the Reserve Cap to 50 Reserve Deputies.

Approved by Board of Supervisors March 12, 2015.

SUBJECT: TAX REFUND FOR LARRY AXLUND

WORDING FOR AGENDA ITEM: APPROVAL TO REFUND TAXES TO LARRY AXLUND FOR ERRONEOUSLY PAID TAXES.

EXECUTIVE SUMMARY: APPROVE A REFUND FOR ERRONEOUSLY COLLECTED TAXES FOR 2012.

BACKGROUND: THE CITY ASSESSOR MADE A MISTAKE IN THE CALCULATION OF MR. AXLUND'S TAXES. THE CITY ASSESSOR IS ABLE TO REFUND CERTAIN YEARS, BUT THE BOARD MUST DEAL WITH THE LAST TWO YEARS COLLECTED. THE COUNT ATTORNEY SAYS WE CAN REFUND ERRONEOUS TAXES OVER THE PAST TWO YEARS IF THE ERROR IS IDENTIFIED WITHIN TWO YEARS. ACCORDINGLY, THE BOARD COULD REFUND TAXES COLLECTED FOR 2012, BUT NOT FOR 2011 AS IT WAS NOT IDENTIFIED IN LESS THAN TWO YEARS.

FINANCIAL IMPACT: THE IMPACT MUST BE DETERMINED BY THE CITY ASSESSOR.

RECOMMENDATION:

ACTION REQUIRED: APPROVE REFUND FOR 2012 TAXES

Approved by Board of Supervisors March 3, 2015.

Description

Purpose

The Workforce Housing Tax Incentive Program (WHTIP) is designed to provide financial incentives for the development of housing across Iowa. Housing businesses utilizing WHTIP will produce a net increase in affordable housing units in their community of operation. In return, the Iowa Economic Development Authority (IEDA) can provide a sales and use tax refund and an investment tax credit based on qualifying new investment.

WHTIP is further designed to encourage housing development where existing public infrastructure already exists – vacant lots, dilapidated properties, and mixed use buildings to suggest a few. Communities with a severe housing need can work with IEDA to seek designation as a Distressed Workforce Housing Community. This designation allows WHTIP assistance to be provided towards new housing development on previously undeveloped land.

Eligibility

WHTIP is a statewide program that focuses development in existing communities. The housing business is the entity responsible for submitting all application documents and maintaining contractual responsibilities with IEDA.

Project Initiation

Projects that have been initiated before receiving formal application approval by the Iowa Economic Development Authority for WHTIP shall not be eligible for tax incentives and assistance under this program.

"Project initiation" means any one of the following: the start of construction of new or expanded buildings; the start of rehabilitation of existing buildings, or; the purchase or leasing of existing buildings when included as qualifying investment in a WHTIP project. The purchase of land or signing an option to purchase land or earth moving or other site development activities not involving actual building construction, expansion or rehabilitation shall not constitute project initiation.

Public Records Policies

The Iowa Economic Development Authority (IEDA) is subject to the Open Records law (Iowa Code Chapter 22). Treatment of information submitted the IEDA in a WHTIP application is governed by the provisions of the Open Records law. All public records are available for public inspection.

Primary WHTIP Requirements

An eligible housing project consists of one or more of the following:

- Rehabilitation, repair or redevelopment in a Brownfield or Grayfield site. This will generate the production of new units on infill lots.
- Rehabilitation, repair or redevelopment of dilapidated units. Only dilapidated or unlivable housing units are eligible for this category. Livable units are not eligible for WHTIP assistance.
- The rehabilitation, repair or redevelopment of dwelling units located in the upper story of an existing multi-use building.

Minimum Project Size

- Four or more single family dwelling units, or;
- Three or more multifamily dwelling units under a single roof, or;
- Two or more dwelling units located in the upper story of an existing multi-use building.

Average Dwelling Unit Cost Cap

The average dwelling unit cost cannot exceed \$200,000 per dwelling unit. The average dwelling unit cost may not exceed \$250,000 per dwelling unit if the project meets the definitions outlined in Iowa Code 414A.1, subsection 2.

Completing Your Application

- Review Iowa Code 15.351 through 15.356, Iowa Administrative Code 261 – Chapter 48, and the WHTIP sample contract prior to submitting this application. Links are provided within IowaGrants.gov.
- All application activities for the WHTIP will be carried out through IowaGrants.gov.
- Applicants may request technical assistance from IEDA housing staff during the application development process.
- When submitting supporting documentation, include ONLY what is directly relevant to the proposed activity (e.g., include highlighted excerpts, rather than the entire document). Within the narrative of the application, reference supporting documentation and explain its relevance.
- Costs incurred in the preparation of this application are NOT eligible or reimbursable.
- A supporting resolution from the local government entity must be submitted with the application. At minimum, the resolution must clearly identify the project and identify the source of local matching funds required for the project.
- All required documentation must be submitted with the application to initiate review and approval.

Agreement and Fees

A WHTIP award requires the housing business to enter into an agreement with IEDA for the successful completion of all program requirements. The compliance cost fees imposed in Iowa Code 15.330, subsection 12, apply to all agreements entered into under the WHTIP. These fees include:

- A one-time fee of \$500 to be collected by IEDA prior to the issuance of a tax incentive certificate.
- A compliance cost fee equal to one-half of one percent (0.05%) of the value of tax incentives claimed pursuant to an agreement that has an aggregate tax incentive value of \$100,000 or greater. This fee is collected from the housing business after the tax incentive is claimed from the Iowa Department of Revenue.

Important Note on Claiming the Sales and Use Tax Refund

Iowa Code 15.331A requires the eligible housing business to notify the Department of Revenue in writing of intent to claim the sales tax refund for a WHTIP project. The housing business must also make application to claim the sales and use tax refund within one year of project completion. Failure to meet both requirements will result in forfeiture of the project's sales and use tax refund. IEDA will verify documentation at the end of the project, establish a project completion date, and notify the housing business through IowaGrants.gov.

Consideration X

WORDING FOR AGENDA ITEM: Consideration of quotation approval of a quote for maintenance work on the Orton Slough drainage district.

EXECUTIVE SUMMARY: The Board of Supervisors, serving as drainage district trustees, directed ISG to prepare plans to repair the existing tile line that serves the Orton Slough Drainage District. Those plans are complete. A contractor capable of completing the project in compliance with the plans and specifications is submitting a quote for the work. The Board now may review and approve the quotation to complete the project on behalf of the district.

BACKGROUND: Bidding requirement under Chapter 468 of the Code of Iowa provides for the "Board at any time on its own motion, without notice, may order done whatever is necessary to restore or maintain a drainage or levee improvement in its original efficiency or capacity, and for that purpose may remove silt and debris, repair any damaged structures, remove weeds and other vegetable growth, and whatever else may be needed to restore or maintain such efficiency or capacity or to prolong its useful life." When the estimated cost is below \$50,000, the district may contact one contractor and obtain only one quote (see attached).

The quotation will be presented at the Board meeting on Monday. No back-up document available at this time.

FINANCIAL IMPACT: Project work will be paid by drainage district assessment.

RECOMMENDATION: Recommend acceptance of quotation for repairs on behalf of the drainage district.

Become a Champion for those who need us most!

The mission of the Boys Club of Sioux City is to inspire and enable all boys, especially those who need us most, to reach their full potential as responsible, caring and productive citizens.

GREAT FUTURES START HERE

Dear Karen,

As you may have heard, the Boys Club of Sioux City is bringing back the Color Me Rad 5K on Sunday, June 7th. The Color Me Rad race is an untimed three mile run/walk which will be held in downtown Sioux City. Waves of 500 people will take off every fifteen minutes beginning at 8:00 a.m. from the corner of 4th and Iowa St. The focus of this event is purely fun, fitness and supporting Siouxland's youth.

The Boys Club of Sioux City is an after school and summer program that offers homework help, character and leadership development, fine arts, sports training and healthy lifestyle programs to over 700 Siouxland area boys. It costs only \$10 per year to attend the Club which allows all boys, especially those who need us the most, access to a great future. Because membership fees for the club are so low, fundraising events such as the Color Me Rad are an integral part of keeping the Boys Club open.

The race will again be on a Sunday this year in order to lessen the impact on downtown businesses. A map of this year's route is attached. This route is the same as the previous year so you may already be familiar with it.

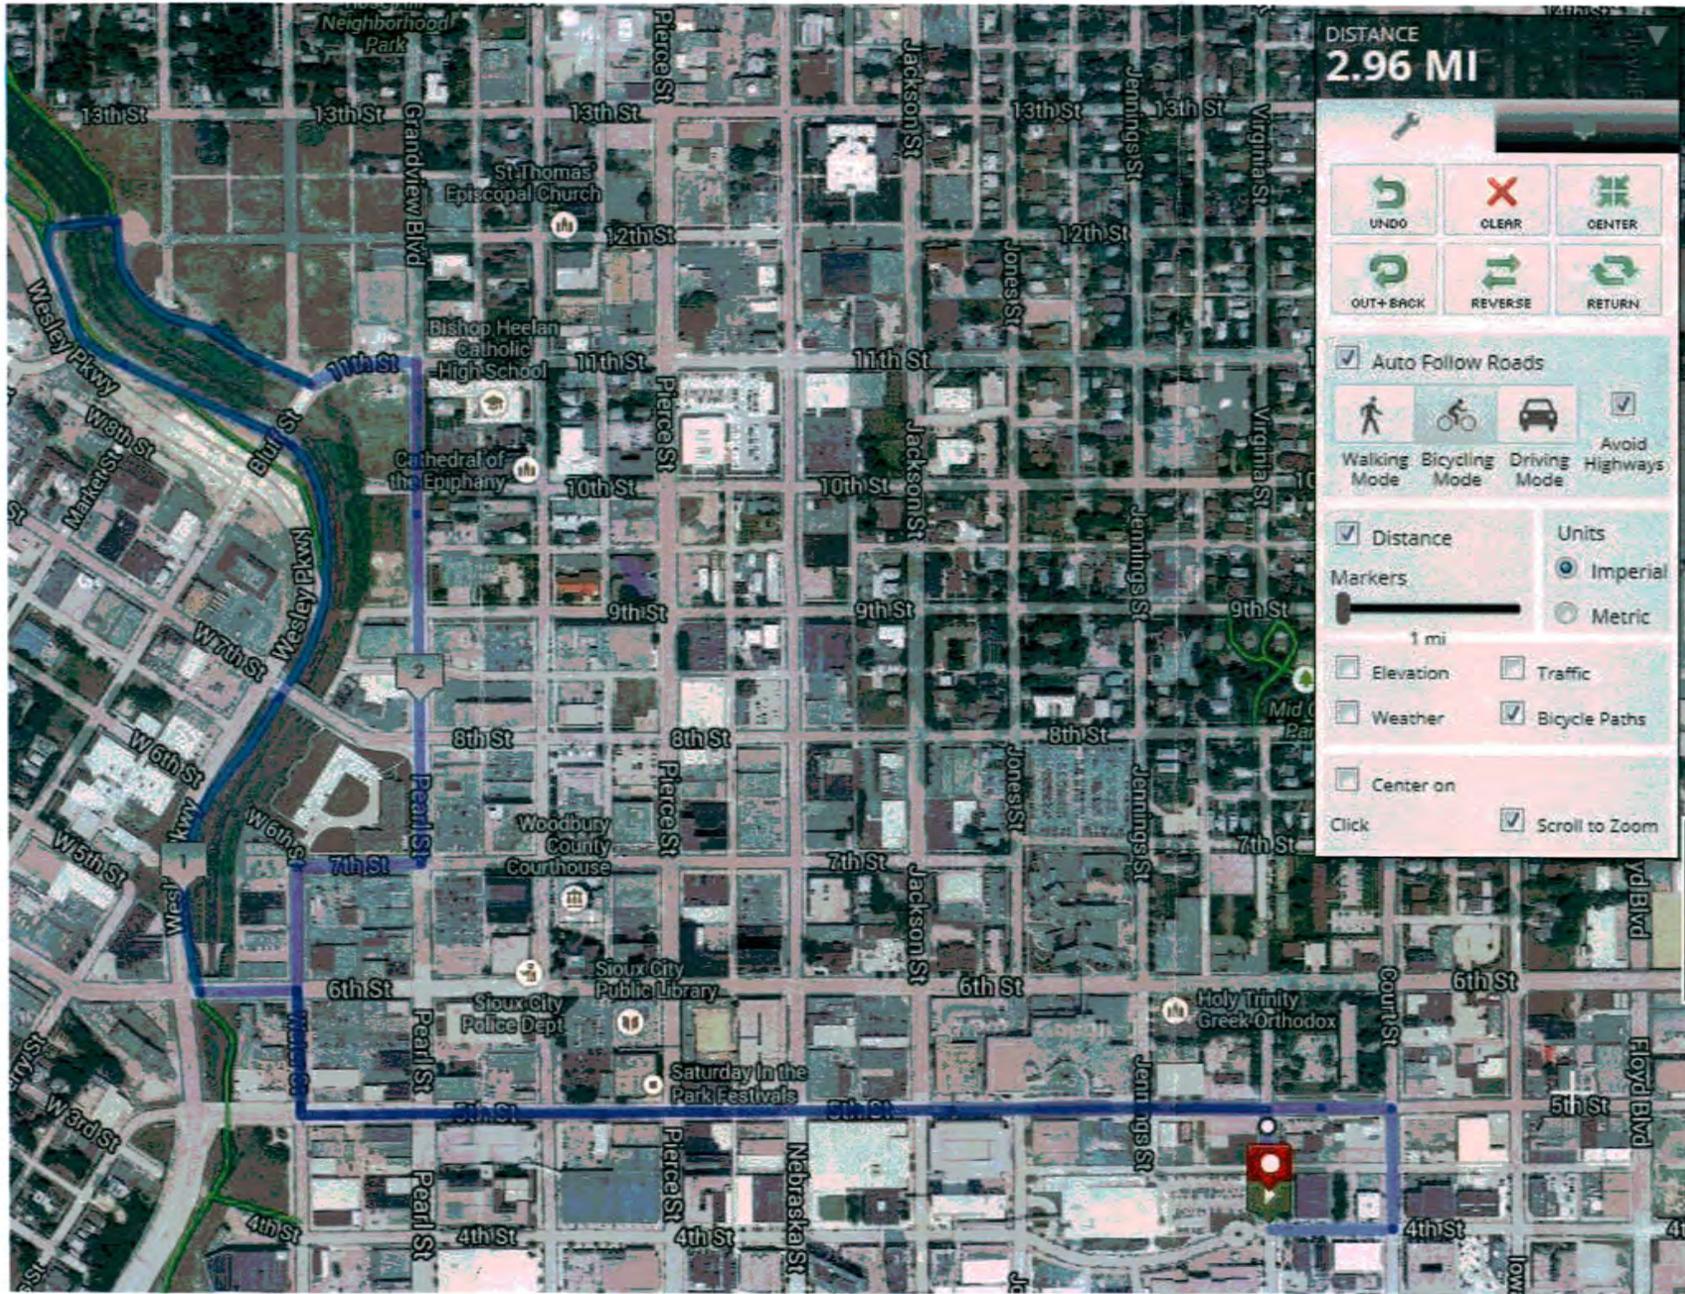

Members of the Boys Club board and staff will be following up with you after this letter is sent out; but if you should have any questions or concerns in the meantime, please do not hesitate to give either of us a call (Jim: 712-258-0537 or John: 712-255-0114) or send an email (jim@bigsoo.com and john.olson@noveltymachine.com). It is our goal to make this year's race another great success and an event that makes Sioux City proud.

Thank you for your support of this event and we encourage you to take part and enjoy a fun filled day in our fair city. If you would like to be involved in sponsoring the event or helping volunteer, please give us a ring down at the Boys Club at 258-5545 or swing by for a tour so we can show you the great things we are doing for the youth of Sioux City. If you want to take part in the run/walk itself, check out www.colormerad.com/locations and click on Sioux City for registration information.

Kind Regards,

John Olson and Jim Palmer

3. Solar power project RFP – review process and approve issuance of the RFP

Schneider informed the board he met with the Board of Supervisors on March 31 to ask their approval for proceeding with issuing Request For Proposals to supply the Conservation Board with turnkey installation of a photovoltaic solar facility within two county parks. They approved the board to move forward with the RFP process. Schneider is having the County Attorney's office review the RFP. Schneider felt the RFP should be reworded to reflect what the Board is actually seeking so it is more focused and concise. Schneider had visited with Bill Haman from the Iowa Energy Center who provided additional information. From this discussion, Schneider felt the Board should put the RFP process on hold and seek another consultant review of the project and RFP.

After some discussion, the board agreed to defer the process and authorized Schneider to gather more information through another consultant, possibly Interstates Electric in Sioux Center.

ITEM R4. Board member / staff reports – Board members and staff may report on meetings or activities that they have been involved with. (Board and staff)

1. Nature Center activities (Snyder)

Snyder reported that early Summer Day Camp registration began April 8th for Foundation members. Regular Summer Day Camp registration begins on April 15. She noted camps are filling up fast. Staff interviewed for the last summer intern position. Staff are filling their calendars with Spring Field Trip requests. Senior worker Mary Crichton has found another job, so staff will be looking for a replacement. Snyder discussed with the board the transition to a new website program that can be easily maintained.

Snyder reported the conservation department will again be partnering with NRCS/Woodbury County Soil & Water Conservation District to provide a free tree to 254 fifth graders. They will be distributed in April.

Snyder discussed with the board the latest activity with the Nature Calls sponsor solicitation.

2. Park activities (Peterson)

Peterson reported staff continues to work on equipment and facility maintenance and small projects in preparation for the May 1 opening of the parks. Staff has been able to conduct a few small burns at Little Sioux Park, Southwood Conservation Area, Snyder Bend Park and Brown's Lake/Bigelow Park. Very dry windy weather conditions have made large burns difficult to attempt. Park maintenance supplies have been received and distributed out to the parks. Trees and shrubs are scheduled to be received the week of April 13th. Work on the range will begin soon.

Staff conducted interviews for Summer Ranger and Park Maintenance positions. Employment offers have been extended to fill those positions.

BOARD MEETING MINUTES
4/9/15

Newly hired Resource Technician, Dylan Bales, has completed the course work for S100 and S130/190. The courses provide training such as fundamentals of firefighting, fire behavior, communications, decision making skills, and fire line safety. He is in the process of working on some field course training which will complete the S100 and S130/190 training.

Peterson noted staff will be hosting a Visitor's Protection Workshop on May 20th at Dorothy Pecaut Nature Center and a Hunter Safety Course in Anthon the week of April 6th.

3. Administrative items (Schneider)

a. Camping kick-off weekend

Schneider informed the board of the annual Camping Kick-off Weekend May 1-3, 2015. In appreciation to our campers, those camping that weekend will receive a coupon for one night free camping later in the year and some other token of appreciation such as a koozies.

b. Land acquisition updates

Schneider updated the board on the Briese property. It has been surveyed but the legal description was so complicated that it was necessary to ask for a one month extension for the closing. The plat and legal description work should be done the first week in April and then the final acreage will go to the appraiser for their final work. New closing date is May 1.

Schneider has been in contact with a representative of the Iowa Natural Heritage Foundation who will be visiting with the landowner adjacent to our Curtin Timber area to assist them with the potential sale of their property.

Schneider reported that Dawn Snyder was approached by an individual who has interest in bequeathing a small parcel inside the City limits. Maps were distributed for the board's review and it was the board's consensus to discuss this subject at the Long Range Planning Session.

c. Long Range planning meeting – Set date

Schneider requested a new meeting date for the Long Range planning session. Due to Mark Taylor's schedule the regular meeting date of May 7th will not work for him. After some discussion, a May 6th date was selected starting at 4:15 pm.

ITEM R5. Summer meeting schedule

Schneider reported the Board typically begins meeting at the various county parks in May with the location rotating each year. Since the Long Range Planning Session is in May, the proposed schedule is, June 4 – Southwood; July 2 – Little Sioux Park; August – No meeting; September 3 – Snyder Bend Park; October 1 – Brown's Lake/Bigelow Park (Annual Picnic). He noted the Board typically does not meet during the month of August unless necessary. The Board may also choose to begin meeting again in August.

BOARD MEETING MINUTES
4/9/15

Schneider discussed with the board the need for signs noting new hours and parking issues at the nature center. Visitors need to know when the gate will close so they can move their cars to the lower parking lot. Temporary signs have listed gate closing time at 4:30 p.m. Staff requested Board approval to change closing hours for the nature center facility to 4:30 p.m. year round. It was the Board's consensus to approve the change in closing hours.
