

Mark Monson, Chairman
Woodbury County Board of Supervisors
Woodbury County Courthouse

Dear Supervisors:

At your Tuesday February 10th, 2015, meeting you voted to no longer fund non-profit groups using the RFP grant making process previously approved at your meetings on July 29, 2014, and December 2, 2014. You made this decision after publically requesting that such groups apply for funding from the county. You ignored your own precedent of funding non-profit organizations who provide valuable resources within our county and wasted the valuable time of many organizations, whose time is stretched to the breaking point already.

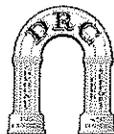

Please provide us with the pertinent Statute used to make the decision to eliminate the RFP grant making process. We await your response.

Sincerely,
