Executive Summary

On behalf the Woodbury County Conservation Board, it is my pleasure to present the FY 14 Annual Report outlining the county conservation department's activities and accomplishments this past fiscal year.

The Woodbury County Conservation Board is a five-member volunteer board appointed by the county Board of Supervisors. Members are appointed for five-year terms. Meetings are scheduled the first Thursday of each month.

The Conservation Department manages sixteen areas comprising 5,525 acres including developed parks, preserves, wetlands, public hunting areas, river accesses, historical sites, and the Dorothy Pecaut Nature Center. Facilities are extensive and include the nature center, modern and non-modern campgrounds, cabins, swimming beaches, shower and restroom buildings, open and enclosed shelters, playgrounds, trails, paved roads, parking lots, signs, maintenance shops, and park residences. Additionally, the department holds fifteen conservation/scenic easements on 1,695 acres. Department staff includes thirteen full time, three regular part time, and approximately sixteen seasonal employees along with interns and numerous volunteers. Various employment crews are used to accomplish special tasks and projects.

Our mission is to provide high quality outdoor recreation and educational opportunities and to help people understand the value of natural resources in their lives. It has been our pleasure to carry out our mission and serve the public in this manner during the past fiscal year. The outstanding assistance and willing cooperation of so many local, state and federal agencies including the county Board of Supervisors and Secondary Roads Department, the Iowa Natural Resources Department, and numerous local organizations described in Section IV of this report is critical to the Conservation Department's continued success.

The past fiscal year was one of our busiest in history reflecting full recovery from effects of the 2011 Missouri River flood. It was exciting to turn our efforts toward new projects such as re-grading the entrance road to Southwood Conservation Area, construct two new concrete boat ramps on the Little Sioux River near Correctionville, and install water hydrants for each campsite at Brown's Lake and Snyder Bend Park. Staff has worked hard to maintain top quality facilities and outdoor recreation areas for the public. We look forward to continuing these efforts in the future.

Woodbury County has many outstanding natural resource and outdoor recreation opportunities supported by its taxpayers. I strongly encourage everyone to explore your county park areas. I hope you'll be pleasantly surprised.

Yours for Conservation,

Rick D. Schneider, Director
