FOR IMMEDIATE RELEASE:

Growing Community Connections Hosts Annual In-Person Collaboration Meeting

We would love to have media join us for our annual in-person Growing Community Connections (GCC) meeting along with Source for Siouxland and Siouxland District Health Department on September 14, 2023, from 9 a.m. to 11 a.m. at the Cottonwood Inn and Conference Center (4402 Dakota Ave, South Sioux City, NE 68776).

Growing Community Connections is a tristate community collaborative made up of partners throughout our tristate area including businesses, churches, schools, and other community members. We come together to address community gaps and support community strengths. GCC's role is to bring people together and connect organizations, families, and the community to existing resources.

Every year we bring partners together in person to look at data and the impact outcomes. This meeting will be a wonderful example of how GCC leads collaborative efforts. We will be focusing on 2 of our community priorities, Mental Health and Food Insecurity. We expect to have around 100 individuals attend from across Siouxland to discuss areas of opportunity.
