

-We the people of Woodbury County demand the county's commercial wind ordinance be relevant based on information readily available. We believe new information makes our current ordinance no longer relevant and needs to be updated.

-We, the undersigned would like to see, at a minimum, the following issues addressed:

½ mile or at least 4.5x tower height (TH) whichever is greater from a non-participating property line, 2.5x TH from a participating residence, 3 miles from a town, county park, and airports, 40 decibels max for sound, complete removal of all concrete, metal, and wires for decommissioning, and mandatory bolstering of county roads and infrastructure prior to any construction.

Aric Traver	2951 Lenox Ave, Oto IA	
Brandon Burkhart	3247 Jasper Avenue ^{Smithland IA}	

-We the people of Woodbury County demand the county's commercial wind ordinance be relevant based on information readily available. We believe new information makes our current ordinance no longer relevant and needs to be updated.

-We, the undersigned would like to see, at a minimum, the following issues addressed:
 ½ mile or at least 4.5x tower height (TH) whichever is greater from a non-participating property line, 2.5x TH from a participating residence, 3 miles from a town, county park, and airports, 40 decibels max for sound, complete removal of all concrete, metal, and wires for decommissioning, and mandatory bolstering of county roads and infrastructure prior to any construction.
