Subject: Request for Approval to Hire Temporary Summer Staff

I am writing to request approval to hire up to five temporary maintenance staff for summer positions and three summer engineering aides. These positions are included in the annual budget for temporary staff and are necessary to support our seasonal workload.

The temporary maintenance staff will assist our full-time employees with traffic control flagging and support our AMZ pavement patching crew. This arrangement provides college students with valuable summer employment while allowing our full-time staff to focus on equipment operation and other specialized tasks. By reallocating traffic control responsibilities, we can increase our overall productivity and complete more work each day.

The engineering aides will assist our full-time engineering team with surveying and project inspection duties. This summer construction will consist of a HMA project, a PCC overlay project, a Drainage District project, and bridge replacements. Due to the heavy project workload this year, we require three summer engineering aides to support these efforts.

The proposed pay rates for these positions would be based on experience and are as follows:

- Summer Maintenance Laborers: \$17.00 - \$19.00 per hour
- Summer Engineering Aides: \$17.00 - \$20.00 per hour

Thank you for your consideration of this request.

To: Woodbury County Board of Supervisors and Woodbury County Human Resources.

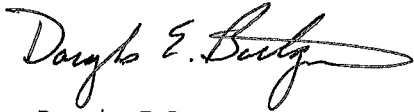

After serving Woodbury County for 37 years please accept this letter as my notice of retirement.

I will exhaust my accrued vacation time and my last day of employment will be March 30, 2025.

My wife and I would like to continue family insurance coverage through the county's carrier.

Thank you for the honor of serving the citizens of Woodbury County.

Respectfully,

The minutes of the November 4, 2024, meeting were approved. Motion by Clark, second by Thiesen. Motion carried unanimously (5-0).

### PUBLIC HEARING: VARIANCE REQUEST FOR ACCESSORY BUILDING CONSTRUCTION WITHOUT PRINCIPAL STRUCTURE AND REDUCED REAR YARD SETBACK ON PARCEL #894631300010; 5602 STONE AVENUE, SIOUX CITY, IA (AGRICULTURAL ESTATES ZONING DISTRICT). (ACTION ITEM).

Chair Hair opened the public hearing. The hearing concerned the variance application submitted by David W. Peterson and Patricia J. Peterson. The applicants seek approval to construct an accessory building on a 0.72-acre lot that currently lacks a principal structure or single-family dwelling, as required under Section 4.12.2 of the Woodbury County Zoning Ordinance. Additionally, they request a reduction of the required 10-foot rear yard setback for accessory structures in the Agricultural Estates (AE) Zoning District, per Section 3.04, from 10 feet to 3 feet or less. The proposed accessory structure is planned, while subject to changes, to be approximately 18 feet by 52.5 feet with a height of around 10 feet. The property is located at 5602 Stone Avenue, Sioux City, IA 51106, on Parcel #894631300010 in T89N R46W (Concord Township), Section 31, Auditor's Subdivision of the W ½ of SW Fractional ¼ of Section 31. The parcel, situated in the AE Zoning District and outside the floodplain, directly abuts Sioux City's jurisdiction. Owner/Applicants: David W. Peterson and Patricia J. Peterson, Trustees of the Joint Revocable Trust of David W. Peterson and Patricia J. Peterson, dated November 15, 2023, 5600 Stone Avenue, Sioux City, IA 51106. Parcel Address: 5602 Stone Avenue, Sioux City, IA 51106.

Priestley read the staff report into the record. He outlined the criteria for granting a variance, focusing on practical difficulty and economic hardship. He highlighted that the hardship must be directly related to the property's use and not merely a preference. He noted that Sioux City's zoning could potentially allow the construction without a variance due to more lenient setback requirements, presenting this as an alternative route for Peterson, which complicates the county's decision-making process. Priestley referenced the evolution of variance standards since

1998, discussing how court interpretations have become stricter, emphasizing the need for clear demonstrations of hardship. He described the property's unique situation, abutting Sioux City, with two lots already within city limits, suggesting that annexation could be a simpler solution but acknowledging Peterson's reluctance. Priestley advised the board to invite Peterson to elaborate on the practical difficulties and economic implications if the variance were not granted, while also suggesting that the city's route should be considered.

David Peterson explained that he wanted to construct a three-sided storage shed to clean up his property, particularly to remove an unsightly semi-trailer and to store contractor attachments and other items currently lying around. He clarified that the proposed structure would be placed at the furthest east border of his property, directly behind an existing machine shed. He emphasized the need for the structure to be close to the south lot line due to the narrow space available when maneuvering with trucks and trailers, caused by a significant change in grade behind the existing slab. Peterson expressed a strong personal and familial opposition to annexing his property into Sioux City. He mentioned that his wife was against the idea, to the extent that she would cry over the thought of annexation, stating it would complicate selling the property in the future. Peterson firmly stated he would not pursue this route. He argued that not having the shed would not allow him to maintain his property effectively, suggesting that the structure would improve the aesthetics and functionality of his land without adversely affecting neighbors or traffic. When questioned about exploring city annexation, he reiterated his and his wife's stance against it, emphasizing that it was not just about economics but also about personal choice and quality of life.

Clark stated that she understands Peterson's desire to build a shed to enhance his property's aesthetics and functionality. She acknowledged that the structure would likely improve the neighborhood's appearance and wouldn't adversely affect surrounding properties, and most criteria could be met. Clark questioned the definition of the hardship. Priestley referenced the court's interpretation of economic hardship concerning yielding reasonable returns.

Turner indicated that variances should be granted only when there's no other feasible option. He felt that Peterson hadn't fully explored all avenues, particularly the annexation to Sioux City, which could potentially allow the construction without needing a variance. Turner discussed the necessity of demonstrating economic hardship or practical difficulty to justify a variance, suggesting that without this demonstration, the variance could not be granted.

Fillipi stated his appreciate for the practical reasons for wanting to build the shed, recognizing the property's unique situation and the applicant's desire to clean up and utilize the land effectively. He highlighted the constraints imposed by zoning laws and judicial interpretations on variance applications. He noted that the guidance they follow prevents them from granting variances based solely on practical benefits unless there's clear economic hardship.

Hair noted that while the application presented practical difficulties, it didn't align well with the legal definition of hardship, particularly due to the unexhausted annexation option.

Motion to close the public hearing by Turner. Second by Clark. Carried 5-0.

The board weighed the criteria for granting a variance, focusing on economic hardship and practical difficulty, thus citing insufficient demonstration of economic hardship and practical difficulty. Concerns were raised about the availability of alternative zoning options through annexation, which could negate the need for a variance.

Motion by Turner to deny the variance request due to insufficient economic hardship and practical difficulty, with the option to revisit if annexation with Sioux City fails. Second by Fillipi. Carried 4-1 (Clark voted "No").

Priestley suggested that Mr. Peterson visit with the city to receive assurances on his building permit plans prior to pursuing annexation.

## **REVIEW OF THE BOARD OF ADJUSTMENT RULES OF PROCEDURES FOR ANY POTENTIAL CHANGES NOT LIMITED TO MEETING LOCATION AND MEETING TIME (ACTION ITEM).**

Priestley read the staff report into the record. A discuss was conducted on changing the meeting time from 6:00 p.m. to 5:00 p.m. and permanently moving the meeting location to the basement Board of Supervisors meeting room for better capacity and audio recording.

Clark motioned to amend the rules to reflect these changes including amending the Board of Adjustment's Rules of Procedure, Section 2. Regular Meetings to read "The Board of Adjustment is on-call for its regular meeting scheduled on the first Monday of every month beginning at 5 PM in the Board of Supervisors' meeting room in the basement at the Woodbury County Courthouse, subject to formal business to be considered..." Second by Mr. Turner. Carried 5-0.

**UPDATE ON NUCLEAR ENERGY FACILITIES PROPOSALS TO AMEND THE WOODBURY COUNTY ZONING ORDINANCE. (INFORMATION ITEM).**

### PUBLIC HEARING (ACTION ITEM): FOR THE CONSIDERATION OF NUCLEAR ENERGY FACILITIES TO BE INCLUDED AS PART OF THE WOODBURY COUNTY ZONING ORDINANCE

This public hearing was held to discuss adding nuclear energy facilities to its ordinance, continuing from previous sessions to assess public interest. Priestley offered comments on the potential inclusion of nuclear facilities in zoning, discussing aspects like generation, modular systems, and public engagement. Currently, nuclear plants can be permitted under industrial zoning with conditional use permits, but the debate is on clarifying or expanding this. Turnout was lower than for renewable energy discussions, suggesting less community engagement. The complexity of nuclear regulations was highlighted, involving federal, state, and local bodies, with safety, environmental impact, and emergency planning zones discussed. Commissioners and staff including Woodbury County Emergency Management Coordinator Michael Montino discussed the implications, safety, and community benefits of nuclear energy. Concerns about water use for cooling were referenced, noting advancements like helium-cooled reactors. Montino offered questions about local benefits versus grid support. The meeting touched on smaller, modular reactors potentially reducing traditional concerns. No public comments were received, but a letter from Chris Madson, City of Sioux City's Senior Planner, was entered into the record supporting conditional use permits for nuclear facilities in industrial zones. Hansen moved to accept the letter into record. Second by Bride. Carried 5-0 (Available in Appendix). No decisions were made; the issue remains open for further public

input. Priestley suggested to continue this discussion in subsequent public hearings due to lack of public turnout. Motion to close public hearing by Hanson. Second by Corey. Carried 4-0.

**PUBLIC HEARING (ACTION ITEM) – PROPOSED ZONING ORDINANCE TEXT AMENDMENT (DIMENSIONAL SIZE FOR SINGLE-FAMILY DWELLINGS)**

A public hearing was conducted to consider potential changes to Section 4.11: Single-Family Detached Dwellings in the Woodbury County Zoning Ordinance. The hearing considered whether to amend or remove Section 4.11.1, which currently states: "The main body shall have a minimum dimension of not less than 23 feet." Potential revisions may involve eliminating, reducing, modifying, or adding to the minimum dimension requirement, as well as other changes to the contents of Section 4.11 and its subsections. Amendments could include the addition of new sections pertaining to single-family dwellings, definitions, the renumbering, and reorganization of content within the Woodbury County Zoning Ordinance. The hearing was to discuss potential changes to Section 4.11 of the Woodbury County Zoning Ordinance, which mandates a minimum dimension of 23 feet for single-family detached dwellings. Priestley presented the existing regulation and the implications of any changes, including the balance between housing standards and affordable housing needs.

Jeanie and Ronnie Krueger: They expressed their desire to install a single-wide mobile home on their property for their grandson, arguing that the current 23-foot dimension requirement prohibits this due to the narrower width of single-wides. They emphasized the need for affordable housing options in the area.

Existing Regulation: The 23-foot minimum was discussed as a standard set to maintain uniformity across different types of housing, including mobile homes, without discrimination, as per federal regulations from HUD.

Issues Raised:

Affordability vs. Standards: Commissioners discussed the issue between maintaining community standards and providing affordable housing options.

Structure Expansion:

The Krueger's discussed expansion. Given that there are no building codes specifically addressing this scenario, the Commission questioned whether a mobile home could be brought to a site, expanded on the same foundation, and still be considered as having a single, continuous main body with a complete perimeter foundation? Priestley offered concerns about the main structure being on a continuous perimeter.

Potential Solutions:

Meister discussed potential solutions including a conditional use for a relative. Priestley discussed both the conditional use and variance scenarios.

Variance: Discussed the possibility of a variance, but noted the challenges in proving a practical difficulty or hardship as required by law.

Conditional Use Permit: Suggested for scenarios where the mobile home could be on the same lot as another structure, but this still wouldn't bypass the size requirement.

Public Demand: There was a concern over the lack of significant public demand for changing the ordinance, suggesting that broader community support would be needed for any amendment.

Decision Making:

The commission did not make an immediate decision to change the ordinance but decided to keep the issue open for further public input. They acknowledged the need for more research, particularly on how adding to the structure might satisfy the current requirements.

Hanson suggested that legal interpretation on the addition to structures might be sought from the county attorney to clarify if such additions would comply with the ordinance.

The issue is to remain on the agenda for future meetings to gather more community feedback.

Motion by Bride to close the public hearing. Second by Corey. Carried 5-0.

**REVIEW OF THE ZONING COMMISSION’S RULES OF PROCEDURES FOR ANY POTENTIAL CHANGES NOT LIMITED TO MEETING LOCATION (ACTION ITEM)**

Priestley discuss the purpose of the Rules of Procedure and recommended that they be updated to reflect the basement meeting location that has been authorized by the Board of Supervisors Chair. Hanson made a motion to amend Section 2 of the Rules of Procedure for the Woodbury County Zoning Commission regarding the regular meeting location to state “in the Board of Supervisors meeting room in the basement.” Second by Bride. Carried 5-0

**PUBLIC COMMENT ON MATTERS NOT ON THE AGENDA (INFORMATION ITEM)**

None

**STAFF UPDATE (INFORMATION ITEM)**

Priestley discussed upcoming training from Iowa State University Extension concerning planning and zoning. Staff will be in touch with more information in the weeks ahead as this is scheduled for April 22, 2025 at the Woodbury County Iowa State Extension location.

**COMMISSIONER COMMENT OR INQUIRY (INFORMATION ITEM)**

None

**ADJOURNMENT**

The meeting adjourned at 6:56 PM following a motion by Meister, seconded by Corey. The motion carried 5-0.

Good morning Dan,  
City Zoning would support a County Zoning Ordinance amendment to allow/clarify that nuclear energy facilities are allowed in the GI zoning district. We would like to see the following, as the Gi zone is predominantly in close proximity to Sioux City:

1. A conditional use permit or similar process that would require a public hearing and review of the proposed location.
2. As noted in your background documents; submittal of a site plan, safety evaluation, and environmental impact statement.
3. Due to the location, FAA review of the proposal if the site is within the airport conical zone.

Thank you!

**EXECUTIVE SUMMARY:**

An agreement was made with the landowner to vacate excess right of way in exchange for additional easement to better serve the County for maintenance and the landowner for future development.

**BACKGROUND:**

During the regrading of US 20, additional right of way on Buchanan Avenue was acquired for the County by IDOT. Post construction it was determined that additional right of way would benefit the County for improved roadway drainage and a portion of excess, newly acquired right of way would no longer serve the County. Therefore an agreement was reached.

**WHEREAS** a road vacation under the circumstances outlined in section 306.11 does not require a hearing, and

**WHEREAS** there is excess right of way on Buchanan Avenue south of US 20 and

**WHEREAS** vacation of the excess right of way does not affect access or highway use, and

**WHEREAS** the Board of Supervisors no longer believes the County needs to maintain its easement on the following County right of way,

**NOW THEREFORE BE IT RESOLVED** that the Woodbury County Board of Supervisors, enters the following order in regard to the aforementioned right of way vacation.

The Board of Supervisors order the following described right of way be vacated.

Woodbury County Board of Supervisors  
Woodbury County Courthouse  
620 Douglas St Room 104  
Sioux City, IA 51101

Dear Board of Supervisors,

We really appreciate your past assistance and support for Woodbury County's Little Sioux maintenance program. These funds are even more crucial since the traditional Little Sioux federal funding was eliminated several years ago. Maintenance is now the sole responsibility of the Supervisors and the Soil and Water Conservation District as sponsors.

As of the end of the fiscal year, we have spent \$63,306.53 on payroll related expenses for the Watershed Technician. Please note that we hired a new Watershed Technician in October of 2024 and still waiting for paperwork process to finish up before he can start. We have spent \$46,246.85 on repairs spent on Little Sioux expenses. Common issues include unplugging beaver dams, tree removal and overgrazing. As the structure's age, siltation is also becoming more of an issue every year.

We are requesting \$50,000.00 for the 2025-2026 fiscal year and again, we appreciate the assistance and support of the County in maintaining the watershed program providing invaluable protection to our infrastructure. With proper maintenance, these structures will continue to provide flood control and grade stabilization benefits to Woodbury County for many years to come.

Best Regards,
